A "new organic product" is considered to be one that complies with European regulations and is properly certified as such as well as being launched after the last edition of the contest. The organization will inform the interested Exhibitor on how to take part in this area.

7.3. Products

Arrival of products - During the days, the Salón Gourmets is being held, Exhibitors' products are only allowed to enter the premises between 8:30 am and 10:00 am.

Access to IFEMA, the halls and the various gates will be provided where indicated by IFEMA MADRID and the Exhibitors will be informed in the "latest recommendations" document which will be sent to the Exhibitors. Exhibitors must send this information to their staff and, if they are Registered Exhibitors, to the Co-Exhibitors that may be exhibiting under their aegis, 2 weeks before the beginning of the assembly.

Withdrawal of products - During the days, the Salón Gourmets is held and in order to avoid theft, only products presented as gifts to visitors will be able to leave the premises, and to do so the security guards will have to be shown the authorisation attached to the product. These adhesive authorisations will be given to the Exhibitors at the Organisation's office and must be stamped and signed.

Once the Event finishes on Thursday, April 28 at 5:00 pm, Exhibitors must remove all their products from the Stands before 9:00 pm that same day.

The Exhibitor shall be responsible for the entry and exit of products and shall be obliged to hold harmless and indemnify the Organisation, IFEMA MADRID or any other third party, as a result of any type of damage or loss, whether personal, material, direct or consequential, sustained by them as a result of their activity at the Exhibition or on the Stand or in the Exhibition Centre and, in particular, during the entry and exit of products.

7.4. Business Center - Hosted Buyers Program

The Business Center is a programme, without cost for the Exhibitor, through which the Organisation invites important international buyers from all over the world so that Exhibitors can present their products.

It is based on an agenda of meetings that are held between the Exhibitors and the invited buyers in a Stand designed for this purpose.

To be able to take part in these commercial meetings with international buyers, Exhibitors must register between March 7 and 23, 2022, and must have filled out the catalogue beforehand with their products, indicating those they wish to participate with.

From March 24 to April 6, eligible Exhibitors will be able to choose the invited buyers they are interested in and contact them to schedule their meetings using the 35 SG Matchmaking tool.

The Organisation will provide an interpreter free of charge when necessary. It will also inform the Exhibitor of the number of meetings they may have. This will depend on the Booked Space, the demand for the product, and the foreign buyers invited who are interested in their product(s).

The Monographic Exhibition Spaces have special conditions for participating in the Business Center (section 4.2).

The Organiser will not be responsible, under any circumstances, for the commercial agreements reached between the invited buyer and the Exhibitor. The Exhibitor shall be responsible for these commercial activities and shall be obliged to hold harmless and indemnify the Organisation, IFEMA MADRID or any other third party, as a result of any type of damages, personal, material, direct or consequential, suffered by them as a result of their commercial activity in the Event.

7.5. Surveillance

The Organisation will ensure the general security of the venue 24 hours a day, but will not be responsible, under any circumstances, for the materials, products and other objects deposited by Exhibitors in their Stands.

The surveillance service will start on Thursday, April 20 at 8:30 am and will end on Saturday, April 30 2022 at 2:00 pm.

The Organisation is authorised to establish the necessary controls to exercise this surveillance.

Exhibitors who wish to do so, may book an individualised surveillance service for their Stand directly with the Organisation.

The Organisation is not responsible for the surveillance of vehicles parked in the car parks provided by IFEMA MADRID, both with regard to the vehicles themselves, as well as the care and integrity of the goods or persons inside. Consequently, the Organisation does not assume any responsibility for theft, damage or any accidents that may occur while the Event is being held. It is strictly forbidden to leave vehicles parked overnight in the IFEMA MADRID car parks.

The Exhibitor will be responsible for any loss, damage or accident of any kind that may occur (caused to the material, personnel and objects that are in the Stand), and it will not be the responsibility of the Organisation under any circumstances.

Each Exhibitor will be responsible for the surveillance of the material and objects deposited in their Stands. For safety reasons, the Organisation recommends that the Exhibitors not leave their Stands until the end of the day when the pavilions have been cleared of professional visitors.

The Exhibitor will be responsible for the products presented at their Stand and for the consequences of any kind that may arise from the presentation of illegal products, products in a poor condition, etc.

The Exhibitor will also be responsible for having the required administrative authorisations. The Organisation does not assume any responsibility for the handling of products, their display, etc.

Exhibitors presenting products and activities other than the theme of the Salón Gourmets (in the Committee's opinion) will lose their right to occupy the Spaces Booked. Only products and/or activities included in the sectors that are the object of the Event will be admitted to the Stands. If any Exhibitor fails to comply with this obligation, the Organisation will send a written communication to the Exhibitor so that they can immediately withdraw the products and cancel the activities. If the Exhibitor does not remove the products and/or stops their activities within a period of two hours, the Stand will be closed and the signs dismantled without any further requirement, and the Exhibitor will not be entitled to a refund of the amounts paid or to compensation of any kind.

The Exhibitor shall be responsible for their actions of any kind in the Event, and shall be obliged to hold harmless and indemnify the Organisation, IFEMA MADRID or any other third party, as a result of any type of damage or loss, whether personal, material, direct or consequential, suffered by them as a result of their activity at the Exhibition or on the Stand or in the Exhibition Centre.

IFEMA MADRID will provide a medical service to Exhibitors and deal with any health problems that may arise.

7.6. Insurance

- As part of the Organiser's obligations towards IFEMA MADRID, it will take out a third-party liability insurance policy and a property damage insurance policy to cover certain risks that may occur while the Event is being carried out (the "Insurance Policies"). Once IFEMA MADRID has validated the Insurance Policies taken out by the Organiser, these Policies will be made available to Exhibitors in the Exhibitor's Private Area.
- Once all the obligations derived from the Exhibition Rules and Regulations have been fulfilled, Exhibitors taking part in the Event may benefit from the content of the Insurance Policies, in the terms and with the scope contained in them, if any claim covered by them were to occur, without having to pay any amount to the Organiser.
- The Organiser alone is responsible for managing all types of Insurance Policies.
- The Insurance Policies taken out by the Organiser do not in any way limit the liability assumed by the Exhibitor in the Exhibition Rules and Regulations or the right to compensation of any person who has been harmed due to the Exhibitor's failure to fulfil its obligations assumed through these Regulations.

7.7. Prohibitions

- Pursuant to Region of Madrid Act 5/2002 of June 27, 2002, nobody under 18 years old, including children and babies, either alone or accompanied by a guardian, may enter the Salón Gourmets, both during the assembly and dismantling, and during the days of the Event. In case of any doubt, the Organisation may ask the Exhibitor to produce the documentation to prove their age.
- Professional visitors who do NOT belong to the Gourmet sector are strictly forbidden from entering the Event. Professional visitors will be able to access the Salón Gourmets up to 30 minutes before closing time.
- It is strictly forbidden to distribute and display samples, human billboards, brochures, flyers, bags and any kinds of promotional material in the common areas. This type of practice can only be carried out within the limits of each Exhibitor's Stand. The promotional materials distributed in these Spaces must never differ from the general theme of the Salón Gourmets.
- It is strictly forbidden to spray cellulose paints inside the exhibition centre on any kind of object.
- It is strictly forbidden to deposit or exhibit flammable or explosive hazardous materials, materials which are noisy, unhealthy, give off unpleasant odours and, in general, those which may inconvenience other Exhibitors or the public.
- It is strictly forbidden to install gas on the Stands, or anywhere in the pavilions, except for installations approved and certified by an official installer with the prior written permission of the Organisation.
- It is strictly forbidden to project any kind of image or light beam outside the Stand area.
- Any kind of assembly in those areas defined as Exhibition Centre corridors is strictly forbidden.
- It is strictly forbidden to prepare products which generate odours or excessive smoke for culinary purposes, except with the express prior written authorisation of the Committee. Invariably, extractor hoods with carbon filters will have to be installed, especially in Stands where meat, fish, fresh produce, foie, etc. are cooked.
- Noisy demonstrations that may inconvenience other Exhibitors are strictly forbidden and may not exceed 60 decibels, measured at the edge of the Stand.
- It is strictly forbidden to consume products provided by Exhibitors outside the limits of their Stand.
- Activities which, in the opinion of the Committee, are not aligned with the purpose of the Event are strictly prohibited.

7.8. Withdrawal of accreditations

From the first day of the Fair, the accreditations of Exhibitors and visitors who do not intend to return to the Fair must be handed over at the exit gates. This is so they cannot be used by third parties to gain access to the Salón Gourmets, and for the benefit of all.

7.9. Competence and Responsibility

- These Exhibition Rules and Regulations (ERR), their annexes, the provisions of the Organisation that are announced, where appropriate, and the IFEMA MADRID Regulations (available at the link in point 7.1) where the Event is held, shall apply to all Exhibitors participating in the Salón Gourmets, and by accepting to take part in it the Exhibitors also accept the aforementioned regulations.
- The Organisation declines to accept any liability, nor does it offer any guarantee on the commercial agreements that Exhibitors may formally enter into within the framework of the Salón Gourmets. Similarly, insofar as Progourmet, S.A. does not carry out sales transactions of any kind within the Salón Gourmets, but

rather organises them, no commercial transaction may be signed by any representative of Progourmet, S.A.

- All the conditions established in these Exhibition Rules and Regulations, their annexes, the provisions of the Organisation that may be announced, if applicable, and the IFEMA MADRID Regulations (available in the link in point 7.1) where the event is held, remain fully in force and binding on Exhibitors until the content of these conditions is modified, which, if applicable, will be expressly communicated to the Exhibitor in due course.

- If for any reason, unrelated to the Organisation, the Salón Gourmets cannot be held, the Exhibitor shall be entitled to a refund of the amounts paid, except for the Registration Fee, where it will not be entitled to any type of compensation.

- Likewise, for justified reasons or force majeure, the Organisation of the Salón Gourmets may change the place or dates of the Event, in which case it will have had to inform the Exhibitors beforehand, and the latter will not be entitled to any compensation as a result.

- The parties to this agreement, in accordance with the provisions of the Exhibition Rules and Regulations and expressly waiving their own jurisdiction, if any, expressly agree to abide by the Courts of Madrid to resolve any dispute that may arise from the interpretation or fulfilment of what has been agreed between them in relation to the Exhibitor's participation in the Event.

- In case of discrepancy or litigation, regarding the Exhibition Rules and Regulations, the Spanish version will prevail.
