2nd World EVOO Competition Salón Gourmets

Once again this year, Salón Gourmets highlights the work of olive oil producers in their pursuit of excellence. The wide diversity of Extra Virgin Olive Oils (EVOO) currently on the market describes a variety of flavours, smells and textures that demonstrate the versatility of this product. For this reason, SG, together with the Official Tasting Panel of the Community of Madrid (IMIDRA), is awarding prizes to the most outstanding oils of the 2022/2023 campaign.

The competition consists of a first phase in which the Tasting Panel chooses those samples that will go on to the final, where an international jury of experts, using a sensory testing sheet from the International Olive Council competitions, will score each sample between 0 and 100 in the following categories: EVOO Quality Award, Intense Green Fruity, Medium Green Fruity, Ripe Fruity, Organic EVOO Quality Award, Appellation of Origin and Protected Geographical Indication EVOO Quality Award, High EVOO Polyphenol Content Award and EVOO Packaging and Innovation Award.
