

Estrella Galicia reaffirms its commitment to the agri-food sector

Once again, Estrella Galicia is the official beer and Cabreiroá, the official water of Salon Gourmets.

The Galician brewery is once again supporting the agri-food sector by promoting the products that form part of Leading International Fine Food and Beverages Fair in Europe and by organising activities during the event.

The first of these, **XChef Challenge by 1906 Beers - National Final**, a gastronomic competition that rewards those chefs who, from their kitchens, share a firm commitment to a more responsible and sustainable society. Hijos de Rivera is committed to contributing to a more sustainable and environmentally committed catering model through various initiatives, including this competition.

Six finalists, winners of their respective regional finals, will demonstrate their skill and creativity by cooking live a dish to be paired with one of the beers from the 1906 family. A jury of professionals - including chefs Begoña Rodrigo (La Salita) and Miguel Molina (El Molino del Puente), Xabier Cubillo, head of Hijos de Rivera's Beer Culture Department, and Mapi Hermida, gastronomic specialist - will choose the best dish, which will receive a prize of €2,500 and an exclusive promotion plan from Hijos de Rivera for the winning chef.

On the other hand, the **11st Beer Pouring Championship Estrella Galicia**, which will take place on Monday 7 April at the Aula Gourmets stage (Hall 4) and will bring together the best beer pullers from all over Spain.
