The [29th Salón de Gourmets \(SG\)](#), International Fine Food & Beverage Fair, which took place on 13th, 14th, 15th and 16th April 2015, have posted excellent results.

Growth figures are really positive; the 22.000 m<sup>2</sup> net exhibition space was attended by 84.117 trade visitors who came to the fair with the aim to find the best opportunity to open up new markets. A total of 1.422 exhibitors took part in this exhibition with more than 35.000 premium products and 1.100 novelties.

Professionals around the world did not want to miss the most recognised fine food trade fair in Europe with more than 7.000 international trade visitors present at the show.

The SG encountered pavilions from various countries: Portugal (as Country of Honor), Algeria, France, Germany, Italy, Switzerland, England, and others. This year the SG has duplicated its international presence with more than 22 countries represented.

Exclusively for professionals, is the unique fair where you can find the latest trends. Wine, olive oil, preserves, ham, cheese, sweet, snacks, sauces, and many more products are exhibited in the biggest showcase of delicatessen. The business working environment generated a turnover of EUR 192 million (direct and indirect) and excellent figures that should be underlined.

Over 465 showcookings and activities carried out throughout the four days by the exhibitors and the Organisation with the aim to promote their products and revitalise their business.

We are already taking steps towards the next year which will take place on 4th, 5th, 6th and 7th April 2016. One of the most important editions because we will celebrate our 30th Anniversary. You are more than welcome!
